

Mounting Panels

P011265 - 23" Mounting Panel

This mounting panel allows you to install your Mini Monitoring Module or Air Dryer Cycling Module on a standard 23" Wide equipment rack. It has all the cable access ports necessary to ensure a neat and clean installation. 23"W x 7"H

P0112659 - 19" Mounting Panel

Slightly smaller than the 23" version, this mounting panel allows you to install your Mini Monitoring Module or Air Dryer Cycling Module on a standard 19" Wide equipment rack. It has all the cable access ports necessary to ensure a neat and clean installation. 19"W x 7"H

P011180 - 7" Blank Panel

This panel can be used as a spacer for separating rack equipment or used for custom mounting of additional components in a 23" rack space. 23"W x 7"H

P011181 - 3.5" Blank Panel

This blank panel can be used as a spacer to separate rack equipment, such as PVD820 Digital Flow Panels, allowing for easier access for servicing the equipment. 23"W x 3.5"H

P011182 - Digital Pipe Panel Spacer

This spacer panel is used for mounting an individual Digital Pipe Panel in a 23" rack space. 11.5"W x 7"H

Equipment Racks & Dehydrator Mounting Brackets

P8457 - 23" Wall Mounted Equipment Rack

This wall mounted rack is hinged on one side, allowing for easy installation of and access to your equipment.

23"W x 7"H x 12"D

P0395023BLK - 23" Equipment Rack

This rack has #12-24 mounting holes on the front & back and has ample space for mounting your equipment. It can be secured to the floor of your office and includes #12-24 hardware. 23"W x 84"H

P011674 - Universal Rack Mounting Kit

This rack mounting kit allows you to install your P550W or P1500W Series Air Dryer on a standard 19" OR 23" Wide equipment rack. It includes all the hardware necessary for quick, easy installation.

P011773 - Wall Mounting Kit

This wall mounting kit allows you to install your P550W or P1500W Series Air Dryer to the wall of your office. It includes all the hardware necessary for quick, easy installation.
